

The Antelope Valley CERT in coordination with the Walker General Store will provide food/prescription delivery during the emergency.

During this potentially dangerous CONTAGIOUS EVENT, community members have been asked to employ social distancing to minimize their interactions with one another to reduce the potential spread of the COVID-19 virus in our valley. These precautions have already begun in our community by the cancelation of community meetings, gatherings and the temporary closure of the public schools.

The Walker General Store and CERT have developed a partnership to provide emergency food/prescription deliveries to residents who may need help to obtain food and other essential items during this event. The following guidelines detail how you can obtain food/prescription deliveries.

How to Make Arrangements

1. Individuals must contact the Walker General Store by calling 530-495-2911.
2. Residents must place an order of their itemized needs and arrange for payment with the store.
3. The Walker General Store will order, receive and package the requested goods.
4. When the store has received and packaged the order, CERT will be contacted to make the delivery.

Delivery

1. CERT will pick up and inventory the goods from the Walker General Store.
2. CERT Team members will call the resident to establish a time for the delivery.
3. Residents receiving delivered goods will be required to sign a verification that they have received their requested items. If the request includes alcohol or prescriptions, someone over the age 21 will need to sign.
